

# A Training Management Platform That Delivers ROI

eSkilled turns training into measurable business value. Streamline onboarding, compliance, and upskilling in one powerful platform.

- ✓ **Engage learners** with flexible, intuitive training
- ✓ **Prove impact** with real-time analytics and reporting
- ✓ **Work smarter** by automating admin

**Less admin. More engagement. Clear results.**

## Engaging Learning Experiences

**Easy to Use** - Get started fast with an intuitive interface designed for rapid adoption.

**Virtual Classrooms** - Host live training with interactive tools for real-time collaboration.

**Interactive Learning Activities** - Choose from over 35 Interactive Learning Activities to improve learner engagement.

**Webcam Capture** - Capture demonstration of skills from any device camera or Verify student IDs during assessments.

**Flexible Learning** - Train anytime, anywhere with cloud-based, mobile-first access.

# Smarter Content & Knowledge Assessments

- ✔ **Powerful Content & Authoring Tools** - Create courses, self-marking quizzes, and multimedia assessments in minutes.
- ✔ **Assessment Builder** - Create assessment tasks, case studies, observation forms, and marking guides in one tool.
- ✔ **AI Assisted Grading** - Automate marking/grading of written answer responses for fast, consistent results.

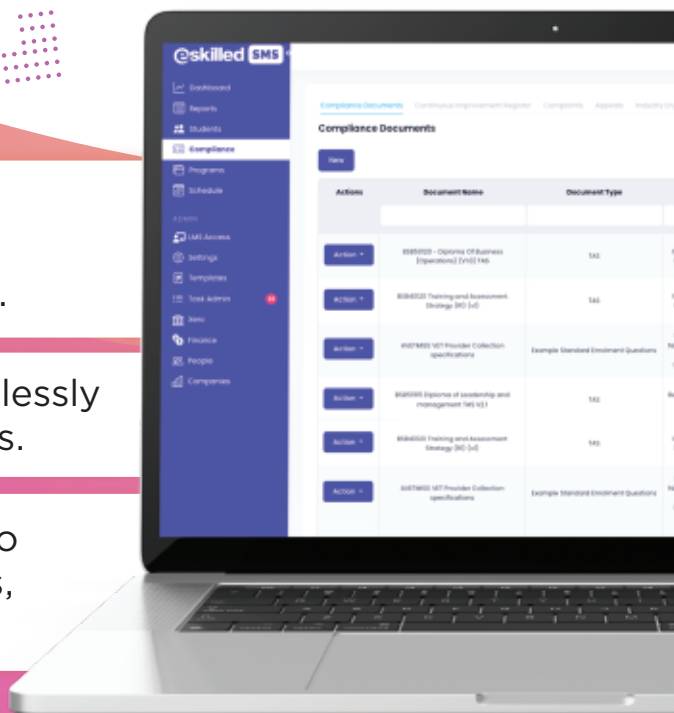

## Automation & Efficiency

- ✔ **Effortless Automation** - Automate enrolments, reminders, and certifications to save time.
- ✔ **Role-Based Portals** - Give tailored access for learners, trainers, and administrators.
- ✔ **Online Course Sales & Enrolments** - Sell courses online with simple setup, seamless integration, and online enrolments through flexible forms that work with any website.

## Insight & Control

- ✔ **Advanced Reporting & Analytics** - Track progress, uncover skill gaps, and measure ROI with real-time dashboards.
- ✔ **Seamless Integrations** - Connect effortlessly with HR, finance, and enterprise systems.
- ✔ **Full Customisation** - Brand the portal to your company and customise templates, forms, invoices, and documents.
