

MRWED Training and Assessment

An Introduction

Background

MRWED Training and Assessment is an award-winning private RTO that specialises in trainer training and leadership development. Established in 2000, MRWED has grown to become one of Australia's leading providers of TAE qualifications and has built a strong international reputation for delivering capacity building opportunities in Africa, Asia and South America. To date, the organisation has provided training and development programs in 20 countries, with more than 40,000 students successfully completing a MRWED qualification. In addition to delivering nationally-recognised training, MRWED is proud to offer a large catalogue of bespoke professional development workshops and webinars aimed at building the capacity of VET practitioners.

Training

Within Australia, MRWED has established Training Centres in Brisbane, Sydney and Melbourne, and offers regular public programs through these locations. In addition to a team of world-class learning leaders to facilitate the training, MRWED programs are backed by a dedicated Learner Success Team, who provide advice, support and mentoring to learners post-training. We also offer popular online learning options using the aNewSpring Learning Management System.

Assessment

Our assessment typically involves a variety of workbook activities, knowledge questions, practical tasks, presentations, reflective exercises and project work. Participants are supported with regular mentoring and guidance throughout their journey.
