

# PARTNER WITH THE INDUSTRY LEADER IN DATA SECURITY & IT ASSET DISPOSALS.

WV Tech is a proud Indigenous owned social enterprise and industry leader in secure IT asset disposals and eWaste recycling. We have NAID AAA Certification with Government PSPF endorsements for Top Secret Data Destruction.

We specialise in secure ICT disposals, data sanitisation and destruction to Australia's highest standards, asset remarketing, and eWaste recycling, enabling government and enterprise to meet sustainability and Indigenous procurement targets.

Since 2018, through our partnership with Worldview Foundation, WV Tech has created 200+ Indigenous jobs, recycled 99% of the material that passes through our facility, and kept 2500 tonnes of waste out of landfill. When you partner with us, you're working with an award winning social enterprise that creates real social and environmental impact with the reporting to prove it.

## PARTNER WITH US. **CREATE IMPACT.**

## WHAT WE DO.

We protect your data through NAID AAA certified and Government PSPF endorsed destruction and sanitisation services. Working with us enables you to meet sustainability and Indigenous procurement targets and as part of our commitment to creating real change, we provide you with reporting on Indigenous initiatives and sustainability goals.

## OUR SERVICES.

### Secure IT Disposals

Laptops, desktops, monitors, tablets, mobile, networking & data centre infrastructure, hard drives and other data storage devices.

### Data Sanitisation & Destruction

From sensitive up to Top Secret, we can sanitise your old devices and keep your data from falling into the wrong hands.

### Asset Buyback

Offset your refresh costs and support our community initiatives for digital inclusion.

### eWaste Recycling

99% of all material is either refurbished, re-used, or recycled to avoid landfill.

### Hardware Supply

We can help you with a refresh of your IT equipment.

### Managed Deployment

We work with you to streamline your entire deployment IT Asset Lifecycle process from start to finish.

## WV TECH. INDUSTRY LEADER.
